RUSSIAN LOSSES IN UKRAINE AND MEDIA SILENCE

Group 14: Alexander Burt, Abigail Audlin

DESCRIPTIVE SLIDE

- We analyzed the first 281 days of the Russia/Ukraine Conflict with Russian Losses
- Our results were surprising
- We used Web scrapping techniques from three different sites and Google Trends (Next Slide) to show overall totals and popular searches
- We needed to clean our data and add variables that would show losses over time
- We checked both human losses and equipment losses since the beginning of the war
- We also checked with the total number the Russian Armed Forces had as of 2020 through Web Scrapping
